Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This proposed installation would detract from the appearance of the location. A very very tall pole with various attachments etc. for which no illustration has been shown. A monstrosity that will be constantly in view from the back rooms of the house and back garden. Are there any health problems resulting from such an installation? Nothing has been mentioned.

If we have to move, due to circumstances in the future, this installation, no doubt, would make a difference in house value. Something we can't afford at our ages.
The proposed installation appears to be sited very close to the busy roadway - Kingsway.
This could cause a traffic hazard should a bus or large lorry collide with it. It could topple onto our property being such a tall/heavy pole!

Kind regards
