★★★★★ 5/5

Addition Metal Shed - (6 ft x 3 ft)

Features

6x3* Brown Metal Garden Shed (The Addition) - Features

What's Included?

- Includes: A limited edition BROWN secure 6ft x 3ft metal shed - compact storage shed
- Includes: **10-Year Warranty** - proud to be British-made, and built to last.
- Includes: 2 keys - additional keys can be ordered from customer services.
- **Integral weather guard** - avoid drips.
- 1 x Half Width Shelf
- 5 x Universal shed hooks

Secure garden storage shed

- 103kg in weight (that's 16.2 stone) - the 6 x 3 shed is secure and heavyweight - compare us to the "lightweight" competition!
- Our storage units have been tried and tested by the UK's leading magazines.
- Designed and made in the UK - manufactured in our Yorkshire-based factory, with over 50 years of experience.
- Secure and versatile storage unit - providing excellent weatherproof protection for your bikes, tools, and equipment.
- This all-metal store is made from strong, thick, **galvanised (weatherproof) steel**.
- Free 10-Year Warranty - a quality product, built to last.
- Our **Asgard ventilation system** - minimises the build-up of condensation inside the shed.

Security Features

- Fitted with our tough **three-point shed locking system** - secure storage.
- **All steel locking bars** - secure metal shed door.
- Large double-door access - easy to wheel your bikes in and out, big enough to walk straight in.
- Includes **integral full metal base** - complete with fixings for securing the shed to your concrete base.
- EN1303-rated pick-resistant Euro cylinder lock - an excellent shed locking system.
- Supplied with two keys - additional keys can be purchased on request.
- Door handing can be changed by the user to suit your location - total flexibility, reversible access.

Accessories & Customisation

- A range of **accessories** available - maximise your storage.
- Additional extra strong bike hooks are great for hanging helmets and backpacks.
- Compatible with our **Shed Guttering Kit** - harvest water from the roof shed.
- An additional **wooden subfloor** is also available - sits on the Integral metal floor, protecting the built-in metal floor from scratches.
- Addition strong shelves can be fitted to hold your bike equipment and tools.
- Store even more in your Asgard with eyelets!
- **Optional ramp** - provides even easier access for the heaviest of items.

Assembly & Installation

- Self-assembly - full step-by-step instructions supplied, using the included, easy-to-follow illustrated instructions.
- Made with internal fixings - safer for children and more secure.
- Screw ends are hidden - no tyre shredding, sharp edges inside Asgard storage.
- Pre-drilled to accept our heavy-duty shelf packs - add shelves for maximum storage.
- Pre-drilled to accept our heavy-duty hook packs.

Quality & Durability

- A choice of stylish colours - well-made, great-looking storage shed.
- Now available in **LIMITED EDITION BROWN** - special discounted price!
- Maintenance-free storage - no rotting or regular repainting (unlike wooden sheds).
- Fire-resistant material - reduces the chance of fire.
- Made from Welsh Steel - with 30% recycled content.
- 99% Recyclable Shed - environmentally friendly shed design.
- **Free UK Mainland Delivery*** - to most of the UK.

No discount codes can be used on this product.

Please note that the Internal components pictured are optional extras and not included in the basic price.

Please note: Dimensions are approximate. See the Dims tab for more information.

Planning Permission: is not required in most instances. However, we recommend you check with your local authority.

Please note: Before your installation can take place, a level, firm surface will be required. (e.g., concrete, tarmac, patio 50mm/2" thick) The base must be solid, completely flat, and secure.

Why do I need a flat base for my shed?
