Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Bin Storage The plan shows a Bin Storage area that appears far too small for the proposed development. Six flats will require a minimum of twelve bins (landfill and recycling) in total plus 6 Food recycling bins with the larger flats likely requiring additional bins. The storage shown on the plans is far too small to meet this requirement.

On weekly bin collection days people queuing for a bus on the pavement (many of whom are elderly) will be severely impeded. The only entrance to the development will be blocked by the high volume of bins making vehicular access dangerous.

Kind regards
