Lindfield Haywards Heath West Sussex RH16 2NZ

Dear Stefan,

Thank you for consulting the Flood Risk and Drainage team on the above application, we would comment as follows:

We have no objection to the proposal.

Preparing a flood risk assessment: standing advice - GOV.UK ([www.gov.uk](http://www.gov.uk))

Drainage should be managed via Building Regulations and Building Control, as necessary.

As an advisory, we would suggest the Applicant considers the resistance and resilience measures suggested within the EA advice and implements any they deem appropriate due to the increased flood risk in the vicinity of this as a residential site (which are classified as 'more vulnerable').

Best Wishes

**Flood Risk and Drainage Team**  
**Estate Services and Building Control**  
**Mid Sussex District Council**
