Customer Details

Address: Kimberley House, Church Road Copthorne

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	There are many reasons that I would like to object to this application: Traffic - There is already too much traffic coming through what is just a small village. The addition of another convenience store would only add to this and the busy corner of the pub would be even more dangerous and noisy. Parking - If anyone visits any of the other shops in the village, they

will see the thoughtless, often-dangerous parking that already occurs. Reducing the amount of parking around the Post Office and other local pubs will only make this worse. The road is already regularly dangerous due to parking issues.

Need - It is hard to believe that anyone would even consider another convenience store (on top of the existing 3 in this small village!) - how many does a village need?

Plans for the pub - To reduce the space of the pub would be a huge shame considering it has previously been a social hub for the village. Although the current plan shows the pub staying, with the garden all but gone, it will only be a matter of time before it disappears altogether.

More accommodation - Even more residential builds with no increase in infrastructure - schools, doctors etc

Please, please consider the views of many, many local residents who have posted objections.

Kind regards
