

A photograph of a living room. On the left, a sofa is covered with a green blanket and has several patterned cushions. Behind the sofa is a white cabinet with a shelf holding a potted plant, a candle, and a small black speaker. A large window with wooden frames looks out onto a green lawn and a white house. In the center, a large black TV sits on a rustic wooden stand. To the right of the TV is a tall white lamp and a dark wooden upright piano. The piano is cluttered with books, records, and a Stormtrooper figurine. A black office chair is in front of the piano. To the right of the piano is a black wood-burning stove. A small round wooden table with a green cup and a grey mug sits in front of the sofa. A striped rug is on the floor. Two red circles are drawn on the image: one around the white cabinet and speaker area, and another around the wood-burning stove. The text 'Fuse board' is written in white inside the first circle, and 'Kiln location' is written in white inside the second circle.

Fuse board

Kiln location
