Dear Anna,

RE: DM/26/1914 – Hurstmead, 22 Lewes Road, Haywards Heath, West Sussex, RH17 7SN

Thank you for your consultation on the above site. We have reviewed the application as the drainage consultant acting on behalf of the Council and wish to make the following comments.

The applicant is applying for the proposed alterations to the existing dwelling, including the erection of a single-storey rear extension, together with the removal of trees within the application site. The site is at low risk of flooding and the proposed development will not impact surface water flood risk.

Following a review of the submitted information, we have no objection on surface water grounds. Due to the site, size, location, and type of development **we would recommend the approval of the application.**

Yours sincerely,

Flood Risk and Drainage Team
