Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I wish to object to this application because of the effect of the installation on the appearance of the shop front and the area, as this a conservation area. It is totally out of keeping with the distinct uniform, historic interest and design of the buildings I also object for the reason of the lockers being available for use 24 hours per day, as there have been instances of the lockers being accessed after shop closing hours and extra traffic from vehicles parking outside of the shop. During the recent warm spell many residents have their bedroom windows open at night and any extra noise can disturb us, as the particular position of the buildings surrounding the shop can amplify the sounds. I do not object to the lockers being positioned inside the shop so that they may be accessed during shop opening hours only (similar to the installation at Morrisons in American Lane) and vehicles parking and noise would be restricted to these times.

Kind regards
