Dear Andrew,

Thank you for consulting the Flood Risk and Drainage Team regarding the above application. We have reviewed the following information submitted:

- Appendix F Drainage Strategy
- Overland flows DWG no 09 Rev 00
- Proposed AGP drainage layout. DWG no 07 Rev 00
- Proposed AGP drainage strategy. DWG no 08 Rev 00

We are satisfied that the development will not create or exacerbate any local flood risk.

Given the level of detail which has been submitted, we therefore suggest that a drainage condition will not be necessary for this development.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
