Subject: Planning application violation

[REDACTED]

Dear Deborah,

I understand you are the case officer for planning application DM/26/0950.

Address is Top Store 101 South Road, Haywards Heath.

They have applied for change of use, extension of opening hours and installation of illuminated and vinyl signs. The application was made in 15th April, public consultation closed on 12th May, and is currently under consideration with a decision date of 12th June.

However, they went ahead and opened the shop on 14th May. The opening hours displayed on the door exceed the hours applied for, the illuminated and vinyl signs are already in place and very brightly lit. They are selling bongs and vapes in full view of children from the inside and outside of the shop.

Some of these issues would fall under Trading Standards however some of these are blatant planning rule violations, as they do not have these permissions.

Please take note when making your decision. Photos attached

Many thanks
