West Sussex RH15 9NF

Dear Stefan,

Thank you for re-consulting the Flood Risk and Drainage team on the above application.

The applicant is advised they are required to provide an updated Flood Risk Assessment and Surface Water Drainage report, which reflects their new plans.

The applicant should refer to the MSDC Flood Risk and Drainage Information Check List – Application Stage - <https://www.midsussex.gov.uk/planning-building/flood-risk-and-drainage-for-planning/>. This level of detail is required at the application stage.

Following receipt of the additional information requested, we shall review and provide further comments on this application.

Receipt of the requested additional information does not mean further information will not be requested, nor does it guarantee that the Flood Risk and Drainage Team will not object to the development. Neither does it prevent the team from recommending a flood risk or drainage condition.

Best Wishes

Flood Risk and Drainage Team
Estate Services and Building Control
