Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The building has very little to no parking, so not sure how it will be able to operate a big building like that with a further extension at the back?! The previous company had issues with parking and that was for just the cafe part of the building. Plus the building is right on the entrance/exit or one the busiest roads going into the industrial estate in burgess hill. The road is already filled with cars parked on the side from all the other business, so I'm not sure where they would park? There is parking opposite but that is for a doctors surgery. Plus there is already a problem with cars being

parked everywhere due to Pure gym which is literally on the other side of the road. This will just cause problems with local traffic and congestion in and out of the factory estate. Needs to be somewhere better suited.

Kind regards
