In pursuance of its powers under the aforementioned Act, the Council hereby notify you that they **APPROVE** the Non-Material Amendment for the above development in accordance with the plans and particulars submitted with your application received on 17 February 2025 for the following reason(s):

1. This application seeks to amend the description of the development that was approved under reference DM/23/3218. The original description was as follows: *The provision of 5 No. self-contained holiday lodges. Conversion of an existing structure to provide a new reception building. (Amended plans received 15/02/2024 to include the removal of the new access).*

This application seeks to change this description to read as follows: *The provision of 5 No. self-contained holiday lodges. Conversion of an existing structure to provide a new reception building.*

The power to make a non-material amendment is contained in section 96A of the Town and Country Planning Act 1990. There is no statutory definition of non-material as this will be dependent on the context of the overall scheme. In this case it is considered that the proposed amendment to the description of the original planning

application is non-material. The proposed change will make no difference to the permitted scheme itself as the approved drawings are not changing as a result of this application. The amended description properly describes the application.

In light of the above, this non-material amendment application can be approved.

Human Rights Implications

The planning application has been considered in light of statute and case law and any interference with an individual's human rights is considered to be proportionate to the aims sought to be realised.

Please note that the existing planning permission still stands, and that the conditions imposed upon it continue to apply, except that the plans listed below can be substituted for the originally approved plans.
