Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this application in providing a valuable resource that can be used by the general community and encourage sport for young and old as participants or spectators. It will assist to make the Club sustainable by improving the stream of revenue and avoiding postponements due to adverse weather and limit the build up of midweek game that are needed to replace postponed matches. The growth of the facilities on offer should encourage greater

family participation and support as seems evident elsewhere eg Horsham and Steyning. A great way to build up the community and town and support grass roots football.

Kind regards
