Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I do hope this proposal is not taken seriously. Anyone familiar with living in Handcross will know there is very limited parking on a high street constantly busy with traffic. The Drs surgery cannot cope with the current volume of residents on their books. You have to wait at least 2 weeks just to get on the wait list!! Total time to see a dr is usually 4 to 6 weeks!

Handcross has already suffered an incredibly large influx of demand for limited services from the very large housing development in Pease Pottage. For a small village with limited facilities the amount of residential housing is not in proportion. The high street is swamped already with traffic and is proving dangerous with a couple of accidents and car crashes on the high street last year

Kind regards
