Customer Details

Address: School House London Road, Handcross Handcross

Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this application. The new Hoadlands estate was the latest development at this end of the village, and the residents already constantly complain about the overflow of parking in their estate that overflows from the primary school. London Road is already dangerously congested

as it is.

I have made numerous complaints to the school, council, parking officers and councils and nothing is done. A pointless fence was put up, but no PROPER parking has been provided.

The new nursery class hasn't helped with congestion either. There is already too much traffic at this end of the village and hardly any parking or drop-off points. London Road is extremely dangerous, and more traffic would only add to that.

Handcross if frequently runs out of water supply and has constant power cuts.

The primary school isn't big enough to take on more applicants from new developments like this and London Road is not equipped to deal with even more frequent traffic and congestion.

Very dangerous, and will hugely affect residents already in the village.

Kind regards
