

Floor plan of the proposed extension and existing house. The plan shows a new garden room, sitting room, utility, bedroom, en-suite, and WC. A large new covered area is shown with a dashed outline, and a patio is indicated. The existing house is shown in solid lines, and the new extension is shown in dashed lines.

A line drawing of a two-story house. The house has a gabled roof with two chimneys. The front facade features a large, multi-paned window above a covered porch area. To the right of the porch is a side entrance with a small, gabled roof. The house is surrounded by a lawn and a sidewalk.

Floor plan of the second floor. The plan shows a central corridor with stairs leading up and down. There are four bedrooms, each with an en suite bathroom. The bedrooms are labeled 'BEDROOM' and the en suite bathrooms are labeled 'EN SUITE'. There are also two main bathrooms. The plan includes a flat roof area with glazing and a ramp labeled 'RWP'.

A diagram of a rectangle with its four corners cut off. The cut-off corners form four right-angled triangles, one at each corner. The remaining central shape is a smaller rectangle. This diagram illustrates the relationship between the original rectangle, the cut-off corners, and the resulting inner rectangle.

Proposed outbuilding West elevation

A line drawing of a building facade. It features a gabled roof with a horizontal line indicating the eaves. Below the roof, there are several vertical lines representing columns or structural elements. The drawing is simple and schematic, focusing on the basic form and proportions of the building.

1. CONTRACTOR IS RESPONSIBLE FOR ALL SETTING OUT AND MUST CHECK DIMENSIONS ON SITE BEFORE WORK IS PUT IN HAND.
