Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in [Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 \(as amended\)](#)) would apply?

- ☐ Yes
☒ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in [The Environment Act 2021](#): "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:

Development subject to the de minimis exemption (development below the threshold)

What best describes the size of your site?:

Over 25 square metres

Please justify the reason why biodiversity net gain does not apply:

No, the general Biodiversity Gain Condition is unlikely to apply. The proposed development involves extensions to an existing residential property with minor garden alterations, and it is not expected to result in the loss of important habitats or species. Therefore, a detailed biodiversity metric is not required.

Note: Please read the help text for further information why developments may be exempt or not in scope.

- ☒ Yes
☐ No

The proposed plans include a designated bin storage area within the rear garden behind garage, close to the access path for ease of collection. The area is designed to accommodate standard household waste and recycling bins, allowing safe and convenient storage and collection without obstructing access or landscaping features.

Have arrangements been made for the separate storage and collection of recyclable waste?

- ☐ Yes
☒ No

Details of the pre-application advice received

A pre-application enquiry (Ref: DM/25/1461) was submitted to Mid Sussex District Council for 19 Lucastes Road. The Conservation Officer provided the following informal advice:

The property is an unlisted detached house within the Lucastes Conservation Area. The site is relatively well-screened and set back from public views.

Front first-floor extension: Not acceptable due to prominence in public/semi-public views.

New front porch: Considered minor and acceptable, subject to detail.

Part one/two-storey side extension: Generally acceptable given low visual prominence, but the proposed 'half gable' form is discouraged; a full-depth side extension aligning with the existing roof is preferred.

Rear addition: Generally acceptable, given limited visibility, subject to detailed design.

Any formal application would be assessed against District Plan Policy DP35 (Conservation Areas), the NPPF, and the Council's adopted Design Guide.

Impact on neighbouring amenity is not considered significant.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
