Comments Details

Comments:	The Parish Council objects to the application and asks the Planning Officer to give careful consideration to the proposed external lighting.
	In line with the West Hoathly Parish Council Dark Skies Policy and MSDC Policy DPN8, any external lighting should be kept to the absolute minimum necessary for safety and operational purposes only. Any approved lighting should be low intensity, downward facing, and designed to prevent unnecessary light pollution and harm to the rural character of the parish.
	The Parish Council also has concerns regarding visibility splays when exiting onto Top Road, particularly in light of the additional vehicle movements associated with the proposal.

Kind regards
