Subject: DM/26/1633 - PARK PARADE

[REDACTED]
Confusion on allocating this to the Lucastes Ward and giving Councillor contacts for the Asenground Ward Councillors!

I have visited the Local Residents about their concerns about access to their properties, if work was to go ahead. They plan in the first instance to lobby the Town Council Planning meeting, and I see comment has already been made on the Planning Portal from Park Court

On a Technical Issue - I see many drainage weep holes installed into a recently rebuilt retaining wall and it looks like this wall be part of the proposed layout and have concerns about future drainage issues into what would become the Kitchen area.
