This is subject to exemptions, an exemption applies in relation to planning permission for a development which is the subject of a householder application, within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order (2015)*.

Applicants for planning permission are required to make a statement as to whether they believe the biodiversity gain condition will apply if permission is granted, please confirm:

*A 'householder application' means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Details of the pre-application advice received

Identified by applicant when seeking to notify authority of proposed external materials to be used (cladding/roof) that application had passed 3 years since approval (relevant date 20 Jul 24') Advice sought from Debbie Lynn with regards 'development commenced' date. Although 'preparation' works and procurement had begun prior to July 24', the view was this did not satisfy S56 of the Town and Country Panning Act 1990. As the applicant I have no objection to this view and hence therefore this second application. I declare and confirm the only revision to the original application (DM/21/0952) is a larger window to the rear facing elevation to the new extension and the notification of proposed roof and wall cladding materials.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
