Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	As was mentioned in the objections to the original planning application this is a rural, residential and agricultural area served by a narrow, winding road already overloaded with traffic accessing the local public school. We suffer noise and disturbance already between 7am and 7pm (including early and late peaks) Any extension to operating hours

on the Cells4Life site would clearly have a further negative impact on the noise levels and general comfort of our environment.

Kind regards
