Dear Caroline,

I have reviewed the Arboricultural Impact Assessment (AIA), Tree Survey and Constraints Plan, and Tree Protection Plan (TPP), and Arboricultural Method Statement for this proposal.

I note the loss of a Category A tree, which is a constraint to development. However, I also note the comments made that this tree would not be notable and whilst the loss of this tree is regrettable, mitigation planting could compensate for this loss.

Please condition adherence to the AIA, TPP and AMS as well as mitigation planting.

Kind regards

Emma
