Reasons for comment:	
Comments:	Hi I would like to know where customers of these new courts intend to park? Users of the swimming pool already park in our visitors car park which they should not be doing even though signs are there saying not to use the visitors car park they still do it and no one

enforces that

I pay an extortionate service charge to live here and part of that is for parking for my visitors who use a valid pass.

There is not enough parking in the current swimming pool car park let alone adding customers who will use these proposed courts.

Why should my service charge go towards facilitating free parking for customers of st Francis!?

Kind regards
