Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: We are in full support of the purposed rebuilding of the storage
barn following the distruction by fire of the existing structure.

Our proptery adjoins Mr & Mrs Slack's boundry and we are the
only neighbours who would be directly impacted with the building
work as we share the boundry.

It would be great to have the barn reinstated, as the original was
believed to have stood for over 100 plus years.

Kind regards
