Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	The mast will be a gigantic eyesore to all who pass by and live nearby. Who would want such an abhorrent structure right next to their home, nobody, that's for sure! The design of the mast is not good, it looks inferior and vastly oversized for the limited/short lived benefits to railway passengers. It would seem that Haywards Heath and surrounding areas will not benefit from the monstrous structure at all.

The mast will be overbearing and completely spoil the outlook of local citizens. There will not be any economic benefits to people in the locality either.

The construction of the mast will cause highway safety issues on Rocky Lane which is already a very busy road at all times of day. There will be an unacceptable increase in noise and disturbance for local people.

Also, there will be a devastating impact on the flora and fauna in this currently idyllic location.

Kind regards
