| Comments:            | Application DM/25/1769<br>I live in the house which is situated to the east of the above application.<br>The proposed extension is a large one and includes on it's eastern side a second high gable of the same width and height as the existing one. |

This will make a significant impact on the outlook from my house and garden. I am concerned about this and the proposed cladding of zinc which means that I will be facing a large grey zinc wall. The existing gable is Sussex Tile Hanging. I hope that some changes can be made to ameliorate the effect of the extension.
