Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: I strongly object to this floodlight and hours revision application from Burgess Hill Girls School.

The affected sports courts setting is very close to resident properties, many of which face directly into these courts, and have been subjected to significant light and noise pollution.

The original extension was deemed to be for a trial period, but there has been no attempt to monitor its effects or get feedback from residents about the increased disturbance, which has been

significant.

This appears to be a commercial decision by Burgess Hill Girls School which will have a derogatory impact on local residents.

Kind regards
