Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this development. A totally unsustainable development as the public transport in that area is virtually non existent, making every home owner reliant on cars. It is outside the built up area and within the AONB. It would set a precedent for building on other green belt land. The very narrow public footpath on West Hoathly Rd, opposite the site, is well used by children going to nursery and is already on a very narrow stretch of road, and another junction opposite is totally inappropriate for that area. Much flooding in the area too.

Kind regards
