Subject: 2026.07.02 Re: DM/26/1080 - Former Catholic Church Of St Stephen Hamsland Horsted Keynes West Sussex

Dear Caroline,

Thank you for reconsulting the Flood Risk and Drainage Team on the above application.

We have reviewed the additional information submitted on 19/06/26 and our comments of the 14/05/2026 remain valid.

The information submitted does not meet the minimum requirements necessary for the Flood Risk and Drainage Team to undertake a full technical assessment of the proposal. Given the scale and nature of the proposed development, both a Surface Water Drainage Strategy and a Foul Water Drainage Strategy are required at the application stage.

The Flood Risk and Drainage Team therefore objects to the proposed development, as the minimum information required to enable a full technical assessment has not been provided.

Best Wishes

Flood Risk and Drainage Team
