Comments Details

Commenter Type:	Applicant
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to planning application DM/26/1315 because of its adverse impact on the character of the open countryside off Old Wickham Lane, the likely increase in traffic and associated highway safety concerns, the additional pressure on local infrastructure and public services, the potential loss of biodiversity and wildlife habitat, and concerns regarding drainage and surface water management. I do not believe that the application has demonstrated that these impacts can be adequately mitigated or that the proposal accords with the relevant local and national

planning policies intended to promote sustainable development while protecting the local environment.

Kind regards
