24 April 2025

**Linden, 9 Fox Hill Village, Haywards Heath. RH16 4QZ**

Dear Planning,

This short statement is in support of a Lawful Development application for proposed use at the above-named site.

The proposal is for a garage conversion which is purely within the existing footprint/volume of the existing garage. The garage is attached to the existing dwelling, Linden.

It is understood that the existing property, a private C3 dwelling, benefits from Permitted Development Rights.

The conversion is sought to help an elderly occupant live on the ground floor of their home, as they can no longer manage to access the first floor. A bedroom and large accessible shower room is proposed within the conversion.

Yours Sincerely,

Rob Meynell  
Meynell Gunton
