

Application reference: DM/25/

Site Address: Little Walstead Farm, Lindfield

Site Visit Date: 10.07.25

North – Rough grazing area to the north of the farm which would be subject to the alteration into a sand school. A rough track appears to skirt the field to the north of the field.

South – Listed building and farm to the south of the proposed sand school which includes a variety of buildings and storage iron clad buildings.

East – Some farm equipment stored to the east of the site as well as mature tree plantation.

West – Other open fields stretching out to the west and associated paddock buildings in the distance.

Streetscene –

Other -
