Hi Stefan

Comments on the above discharge of conditions application.

Condition 4

Windows and doors

The submitted window details do not match the variety of window designs shown on the approved elevations, do not include sections, and are not annotated to show materials or finishes.

The roof lantern details again do not show sections and are not annotated to show materials or finishes.

The bifold doors are shown as aluminium rather than timber as approved, and again the design does not match the approved elevation.

No details of the side door are shown.

Condition 5

Roofing and facing materials

The brick sample shown in the photograph appears a reasonable match for the existing, but we have no provenance. The applicant should supply details of the manufacturer, range and colour.

No details of the roofing material appear to have been supplied.

Thanks,

Emily
