Subject: DM/24/3083 - Crawley Down Village Hall, Turners Hill Road, Crawley Down

Dear Maisie,

I am writing with regards to the above application.

Having considered the proposed plans against those approved I do not consider that the proposed amendments can be considered to be non-material. The changes include an increase in footprint to the approved extensions with enlargements and alterations to the flat roof form, which are considered to be material changes to the approved plans.

It is therefore considered that a variation of condition application would be required from the proposed changes, and it is recommended that this is submitted once the discharge of condition applications are approved to avoid requiring any duplicated discharge of conditions applications in the future.

Should you wish to withdraw the current application to avoid its refusal please confirm this before 15th January.

I hope that this clarifies the planning position.

Kind Regards
