[REDACTED]

Dear Sir, I am extremely concerned about the above application from Naked Farm and the proposal to construct a slaughter house. If this application is granted, it prevents proper public scrutiny of the proposed plan. Should Naked Farm decide to apply for planning permission, opportunity should be given and time allowed, to register objections. At a time where we are seeing more pandemics then ever, living through a climate crisis, heatwaves, flooding and pollution, we should not even be considering adding to this, by allowing yet another slaughter house. Human health and animal welfare has to come first. I look forward to your response. Yours faithfully, [REDACTED]
