Subject: DM/25/2830 | Proposed change of use from dwelling house (C3) to Children's Care Home (C2) for 3 children.

[REDACTED]

I am concerned to hear that there is a proposed change of dwelling at the above property. It seems that a children's care home of this category on a busy road in a purely residential area is not appropriate and I am unaware of any research or consultation that has been done in the local area or with local residents. I would like to know more about what is excepted in the property and the specific nature of the care being given.

Yours Faithfully
