Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	The already erected fence is of high quality and does not create detrimental impact on the neighbouring property which has an east west aspect - it is not visible from the main accommodation and as the land on applicant's side is in lower situation the total height on view is less from the neighbouring boundary where the area is used for car parking. There is no detrimental visual impact on the applicant's immediate neighbourhood in The Crescent and is not incongruous for an installation within the protected status location. I fully support the retrospective application and trust approval will be granted.

Kind regards
