PLANNING APPPLCATION DM/25/1218

The East Grinstead Society wishes to oppose this application.

The Society opposed a similar application in 2003 and the reasons behind this are unchanged re this new application.

The site adjoins the East Court conservation area and the listed buildings of Estcots Farmhouse and Barn and will impact significantly on both the views of these buildings and the broader area. We consider the encroachment onto the conservation area unacceptable.

We trust these considered objections are taken into full account.

Chair, East Grinstead Society
