Subject: Planning App Ref : DM/26/1813

[REDACTED]
Hi,

I may have already placed this objection online but there was an error message when submitting.

Comments below in relation to planning proposal DM/26/1813:

Position: Objection

We are neighbours and own 10 Ashenground Close.

Ashenground Close already suffers from flooding and drainage related problems. The landscaping, including removal of the front lawn and related shrubbery/hedges, is only going to exacerbate this issue and cause further issues to the properties downhill.

Additionally, the developments to number 4 are not in keeping with the style or appearance of other houses on Ashenground Close. The wall is particularly overbearing. I am concerned if this is approved it sets a precedent for other unsightly development.

Kind regards,

[REDACTED]
