Reasons for comment:

Comments:	This proposal would cause significant and irreversible harm to the character and setting of the surrounding Area of Outstanding Natural Beauty (AONB). The landscape around Sharpthorne is valued for its unspoilt countryside, natural habitats, tranquillity, and rural identity. The development would increase traffic, noise, light pollution, and general disruption to the area, undermining the peaceful rural character that residents and visitors value. The existing infrastructure and narrow rural roads are already under pressure,

and further development risks worsening congestion and reducing safety.
