Subject: Hammonds Mill Farm_Class Application.

Hi Anna,

Trust all is well with you.

Just checked the web portal and see that the Flood Risk and Drainage Team are now able to withdraw their objection.

Anything else you need from us to move forward with your report and issue of decision.

The proposed MSDC FRaDT conditions and informatives are acceptable and as the location of the sewage treatment plant(s) will be on land owned and controlled by the applicant, approval for the location(s), access and connections is confirmed.

I can also confirm a further extension of time to the current target decision date, as appropriate, is agreed.

David
