North – Single storey outbuilding in a timber finish which is enclosed by low boundary hedging. There is a caravan outbuilding further down the track.

South – Nearby dwellings within the cluster visible in the distance to the south. To the southern elevation there appears to be a single storey offshoot under construction.

East – The Eastern elevation displays a covered canopy area and to the east of the dwelling there is a single storey garage and storage outbuilding.

West – Ample garden amenity space stretching out to the west with open grazing fields to the Western boundary.

Streetscene – A cluster of detached dwellings placed along High beeches Lane.
