Reasons
for
comment:

Comments:	I wish to register my objections to applications DM/26/2225 and DM/26/2226 seeking permanent permission to extend the use of floodlights to 2100 hours Monday to Friday.
-----------	--

	I believe that the proposals go against the provisions in the Mid Sussex Local
--	--

Plan,

i) DP29 in terms of the impact they will have on noise arising from use of the courts late at night particularly by members of the public, who would be unsupervised, and car parking and traffic noise

ii) DP29 in terms of light pollution and its impact upon the Conservation Area and local residents, of which there has been no mention.

I see no justification for altering the 7pm restriction on floodlight use which provided an important safeguard between the school's sporting activities and local residential amenity. Extending the use of floodlights to 9pm removes this safeguard..

In conclusion the proposals represent an unneighbourly form of development that adversely impacts upon this residential area.

I therefore strongly urge the Council to refuse planning consent for these extended hours.
