Subject: DM/17/2098 - Proposed fence, Hammonds Place, Burgess Hill
Attachments: Hammonds Gardens, London Road map.pdf; ATT00001.htm

With reference to the proposed fence at Hammonds Place, London Road, Burgess Hill (DM/17/2098), could you please confirm that this is to be erected on the line of the highway boundary agreed when Hammonds Gardens was given planning permission (to improve sight lines) and not adjacent to the footpath.

I have previously taken up the sight line issue with WSCC and was given to understand that the local council would be clearing the old fence and trees but no action was ever taken. I have attached the plan that was sent in response at the time.
