Subject: Proposed housing development, The Byre, Bolney

[REDACTED]
Hello as a resident of Bolney I must register my disaporoval of the above.

We must ask the question does Bolney need a development of expensive luxury houses - what use would these be to the average person? These will not orovide affordable housing for our children, merely a money making venture in an area that neither needs housing nor is suitable given its location within the village, right on top of the entrance to the village hall, causing traffic chaos not only during building but forever afterwards and bringing yet more traffic through a tiny village making it very unsafe to walk for our children and adults.

[REDACTED]
The Street, Bolney
