Subject: unable to object on the planning portal - ref application DM/26/1560

[REDACTED]
Good afternoon ,

I have been unable to post my objections to this on the planning portal.. It seems to be out of order.

My objections to this application are:

- 1] concerns about access for emergency vehicles
- 2] more cars opposite a playground / nursery
- 3] increased cars in a quiet road with no proper pavements
- 4] Buildings out of proportion to the listed buildings nearby
- 5] schools / medical facilities / shops in short supply nearby
- 6] will there be enough visitor parking – don't really see space on the "street" for more cars

Thanks
