Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I feel strongly that this additional proposal in the village is inappropriate. The local population is sufficient for the amenities available especially as we expect 200 or so new houses to be built locally in the very near future. The area proposed is on an attractive semirural site which has rustic charm and attractiveness in the adjacent buildings and five large modern houses would greatly alter this detrimentally, diminishing environmental quality of life for residents as well as potentially damaging the rich natural world within it - nesting bats, wild orchids, crested newts etc, that have been in the area for decades. Their loss, just to build houses, would I believe, be unjustifiable given the larger planned new development at Foxhole Farm The local lanes and streets are already congested enough at busy times without more vehicles being added to that which, in winter could be hazardous and make life for pedestrians and cyclists more challenging. These are my main objections. Thank you for taking my views into consideration. Yours sincerely, [REDACTED]

Kind regards
