Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This proposal would bring the building footprint closer to the edge of Oakwood Road, so would alter the look of the street. Our property faces directly onto the house in question. Our view has already been greatly spoiled by the removal of healthy trees lining the property. This has had a direct impact on local birdlife. Further building work would again change our view. To add to this there would also be contractors vehicles causing an obstruction by parking directly opposite our driveway. This occurred the last time this property had building work carried out when the owner placed "cones" to reserve parking space in Oakwood Road.
