This is an application to establish whether the development is lawful. This will be a legal decision where the planning merits of the proposed use cannot be taken into account.

We have just today received your notification above. We notice that objections have to be given by 29th August. Most of our neighbours are away on holiday until school starts in September and are therefore unable to object. We object most strongly to this proposal. This is a quiet residential area in a Conservation Area where full planning permission is required for any change to our properties. This proposal will cause more traffic and no doubt would turn the close into a noisy playground. There are no facilities around here for teenagers and there will be trouble, as witnessed by residents of Knight Close in their Housing association area.

Yours faithfully
